In this book the eldest daughter of Roy Rogers and Dale Evans tells the

I've been around the block a few times. Over half a million times, actually. Assuming a block is approximately 100 yards long and 100 yards wide, running just over

Download Ebook Daisy Powerline 856 Fps

130,000 lifetime miles equates to a few more than 500,000 times around the block. So yeah, I've been around the block a few times. I've had my share of ups and downs. The Boston Marathon, the Badwater Ultramarathon and having whatever

it takes to run every single day since November 30, 1978 would fall into the former; an aging body, injuries, and—well, to be totally honest falling down while running much too often these days would fall into the latter. But it's been a good, long run and I

finish in the 2006 Western States Endurance Run that catapulted me into the downside of my running career. However, I have no regrets. As I said earlier it's been a good, long run and I wouldn't have wanted it any other way. Besides, if

it had been any other way I wouldn't have had the many tales you will find in this book that you, quite frankly, could not possibly find anywhere else. These are my stories from...my experiences...and my perspectives on running as well
